

Continued activity of small scale local /regional companies in the water and sanitation sector privatizations in Latin America since 2000

**D C Jayasundera
Stanford University**

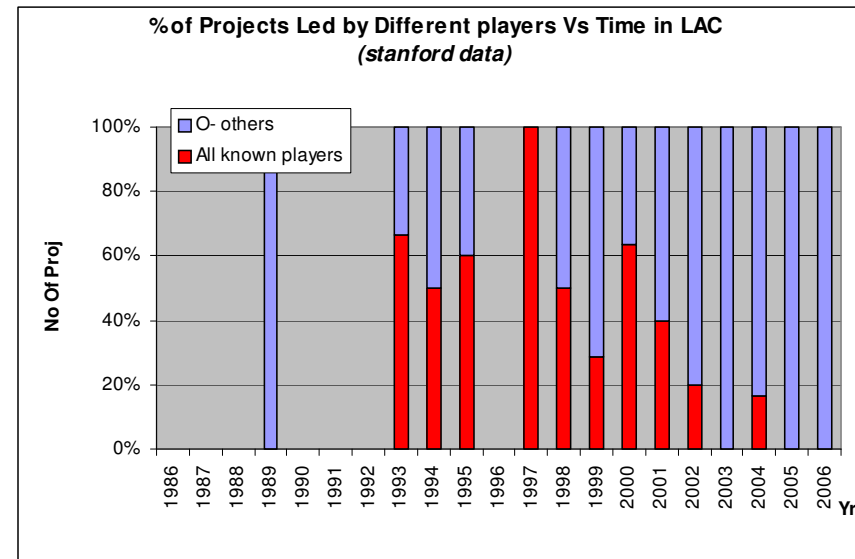

Motivating Problem

\$\$ and projects rise in 1990s, But many failures, resulting in downfall

Multinational Companies pulling out
Local/regional companies taking over!!!
How & Why ?

Research Questions

What are the unique reasons for OPs to continue investing, which were different for KPs ?

What are the consequences of OPs leading the PPPs ?

Points of Departure

W & S for ALL

Max Use of PPP in W&S in LAC

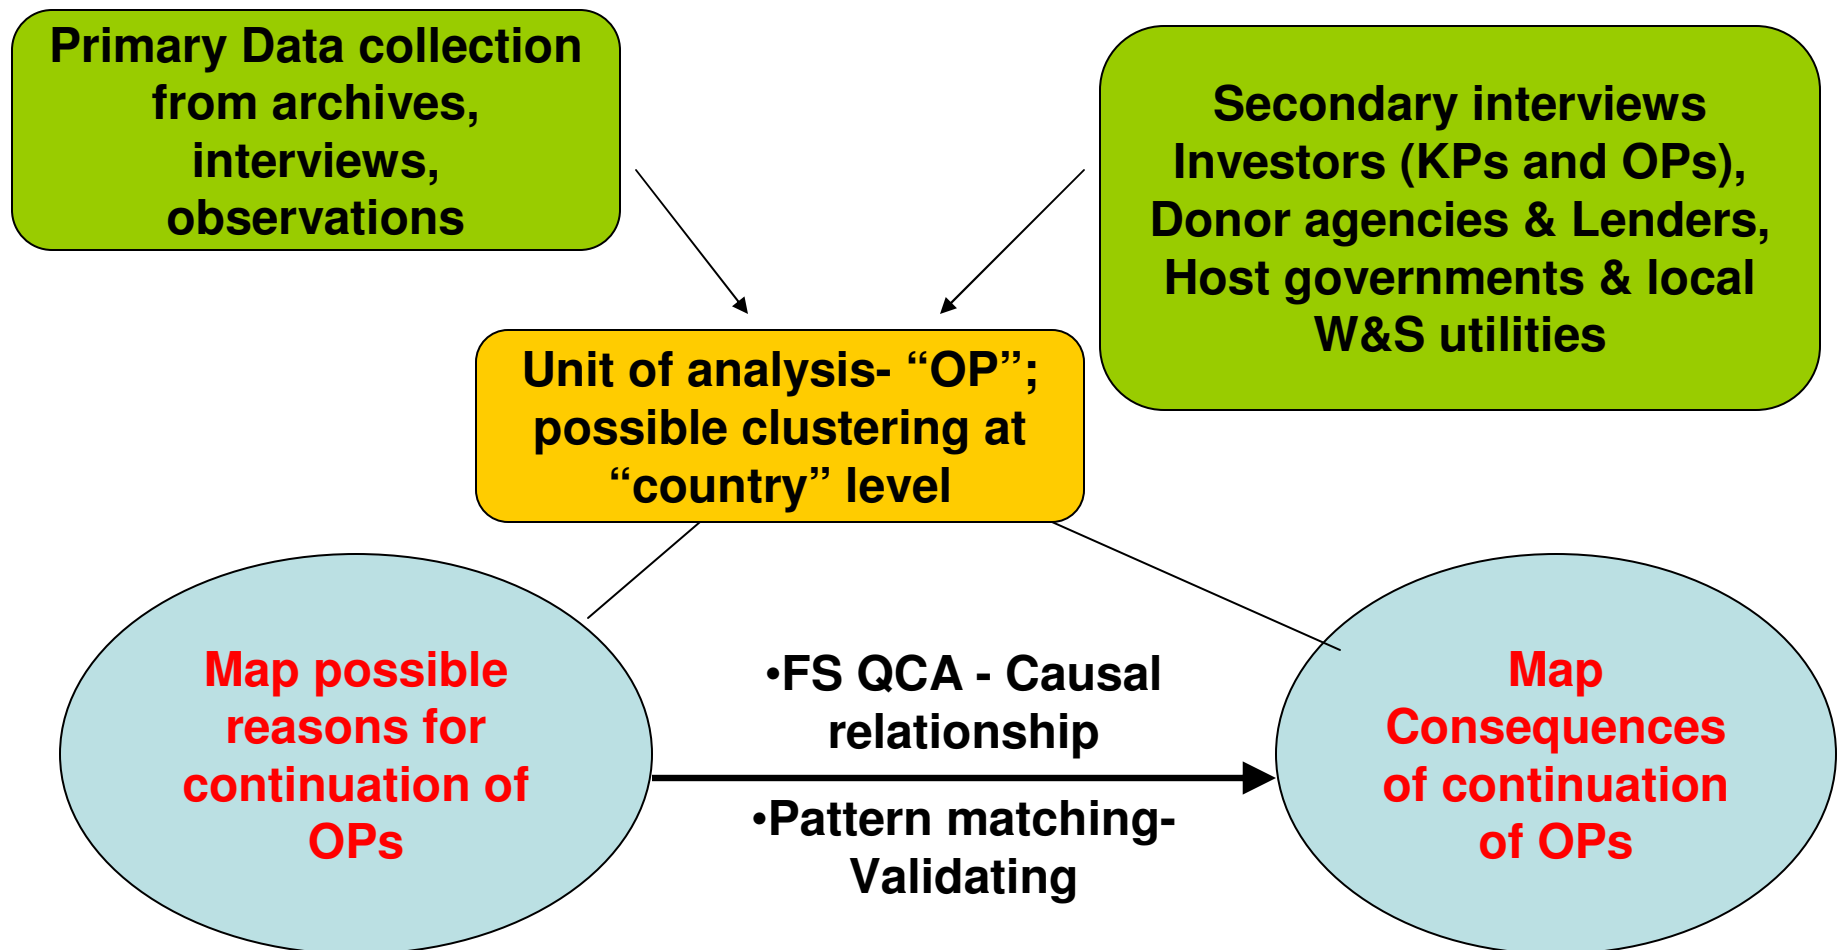

policies to inc + results
**consequences of OPs leading
unique reasons for OPs to continue**
